

BAPTIST INTERNATIONAL MISSIONS, INC.

To Whom It May Concern:

It is with a heart full of joy that I write a letter of recommendation for Jeff and Kim Smith. Both Jeff and Kim are well qualified for the work which God has called them. Not only do they have the formal education but they have practical experience in various phases of the ministry.

These folks have been faithful to their local church and God has blessed them. I believe that they will make great missionaries for the country of Canada.

I was recently in the Ottawa area and was dismayed at the lack of good Bible believing churches in that great metropolitan area. I trust that many churches will open your door and have Jeff and Kim to come and minister there. Any church that has them will be blessed by their presence. Any church that chooses to minister with them, I believe will have great dividends for their investment.

If I can answer any questions for you or be of any help to you, do not hesitate to let me know.

Yours because of Him,
